## WILLARD MAY FIGHT DEMPSEY

By the Associated Press  
FORT WORTH, Jan. 30.—Tex Rickard, fight promoter, here last night enroute to the Ranger oil field, announced that he desired to arrange with Jack Dempsey to meet Jess Willard next July. The fight will be held in some state legalizing such exhibition, Rickard said.

**TRANSPORT BRINGS HOME 1574 MEN**

## NEW RUSSIAN PARLIAMENT

**INDICATIONS THAT PARTY WILL HAVE CLEAR MAJORITY.**

By the Associated Press  
BERNE, Switzerland, Jan. 30.—Partial returns from the Prussian elections show the majority socialists have won ninety-eight seats in the new parliament, independent socialists twenty-one, democrats forty-four, Christian peoples party, forty-nine, national liberals eleven and conservatives twenty-one. There are still 150 districts out. Results seem to indicate there will not be a socialist majority.

**Labor Commission to Meet.**  
By the Associated Press  
PARIS, Jan. 30.—The commission on international labor regulations established by the peace conference will begin its regular sessions next week.

Don't forget the recital at the Methodist church this evening. Miss Barrow will be assisted by Miss Lula Lee, pianist, and the famous Cruz orchestra. You will enjoy the evening if you go.

## ITALIANS AND JAPS INSISTENT

**CLAIMS OF PACIFIC ISLAND AND ADRIATIC CAUSE FRUSTRATION.**

By the Associated Press  
LONDON, Jan. 30.—In a late edition the Mail prints report from its Paris correspondent who writes that treaties between England and Japan relative to Islands in North Pacific with Arabs regarding Eyria and the understanding with France on the future status of Kamerun, West Africa, must be arbitrarily modified if not destroyed. Japanese delegates are angry and declared their intention to claim the islands as promised, the correspondent says and adds that Italian delegates frankly avow claims to fume and insist on part of the Dalmatian coast.

## NESBITT ADDRESSES NORMAL STUDENTS

Hon. Paul Nesbitt gave a very interesting address to the students of the normal this morning. He made the students feel that they were living in one of the greatest ages that has ever been known. He showed, how from the time of primitive man, that there had always been a struggle between autocracy and democracy and that heretofore the kings and rulers had their way, but that this was one time that the autocrats had been overthrown and that a real peace that was never made before was made when the allies beat the Kaiser and his gang.

Mr. Nesbitt is a member of the legislature from McAlester and is regarded as one of the strong men of that body. He was speaker of the sixth legislature and made an excellent record as a presiding officer. He was the author of the state marketing commission law and other pieces of constructive legislation. He is also a staunch advocate and supporter of public education and never loses an opportunity to champion this cause. Just now he is taking an active part in the fight for good roads.

## MISS BARROW TO GIVE RECITAL THIS EVENING

Miss Bess Barrow in recital at the Methodist church tonight will furnish an entertainment to the people of Ada of which too much can not be said in the way of commendation and which Ada people can not afford to miss.

Miss Barrow is a graduate of the Morse School of Expression and combines with a perfect technique a most charming personality and pleasant appearance on the stage.

Assisting her are Miss Lula Lee and Professor and Mrs. Antonio Cruz of the normal faculty. This combination of talent promises one of the most delightful entertainments of the entire season, professional or otherwise.

## WILHELM WANTS TO GO BACK HOME

PARIS, Jan. 30.—(Havas Agency)—Field Marshal von Hindenburg, according to the Echo de Paris, is endeavoring to bring about the return of former Emperor William after the meeting of the national assembly. Leading German manufacturers in Westphalia are said to be interested in the plan.

The newspaper adds that the former Emperor wrote to Premier Ebert that he would accept whatever residence in Germany was assigned to him. Ebert is said to have replied that only the national assembly would be qualified to decide the question.

## AT THE PLAY HOUSES

**LIBERTY.**  
Tennessee Paderne will be presented by the Pacemakers this evening. Another feature of their program will be the great Reno in The Coffin Mystery. The picture program presents Peggy Pierce in Golden Fleece.

**AMERICAN.**  
All Night is a drama much out of the ordinary. Carmel Myers is featured in an interesting story involving the complications that arose when a couple posed as man and wife. It is a Bluebird which is a guarantee of its worth.

## WEATHER FORECAST.

Fair and moderate temperatures is the outlook for Friday as the weather man sees it.

## QUESTION OF INDEMNITIES

**CORRESPONDENT OF LONDON MAIL SAYS MATTER ALREADY SETTLED.**

By the Associated Press  
LONDON, Jan. 30.—The peace conference has settled one important question with regard to indemnity, the Paris correspondent of the Evening Standard says he has reasons for reporting. The conference, the correspondent declares, has eliminated any intention of calling upon Germany and her associates to pay allied countries the cost of the war or to impose heavy indemnities upon enemy nations.

## WILSON'S PLAN IS ACCEPTED

**BRITISH AND FRENCH GOVERNMENTS ACCEPT PRINCIPLE OF LEAGUE OF NATIONS.**

By the Associated Press  
PARIS, Jan. 30.—The British and French governments have accepted in principle President Wilson's plan for mandatories of the league of nations to administer captured enemy colonies and territory, it was stated by Andre Tardieu of the French peace delegation today. The acceptance, however, is subject to learning under what conditions the plan is to be carried out.

## BAKER RECOMMENDS PURCHASE OF CAMPS

By the Associated Press  
WASHINGTON, Jan. 30.—Abandonment by the government of sixteen national guard camps and purchase of all army camp sites was urged today by Secretary Baker and assistant secretary Crowell before the House military committee.

## LABOR DEMANDS INTERNATIONAL BUREAU

By the Associated Press  
PARIS, Jan. 30.—British labor delegates in Paris today completed a plan for an international labor bureau to be laid before the peace conference and forwarded it to London for employers' consideration. Consultation between laborites concerning the plan lasted two and a half days.

## NO REPLY FROM BOLSHEVIKI YET

**OTHER RUSSIAN FACTIONS WILL REFUSE TO SIT WITH REDS.**

By the Associated Press  
PARIS, Jan. 30.—As yet the peace conference has received no formal reply from the Russian soviet government regarding invitations sent to all Russian governments to meet conference representatives at Princes Islands, but the Russian committee in Paris probably will make a formal response in a few days on behalf of various other Russian governments. The committee now is considering proposals but prospects seem to be that it will decline to sit with bolshevik representatives. Russian committee members say all Caucasus governments now are in complete unity and giving the Paris committee unqualified support as is the Ozak government.

## OIL STATE WILL RESUME OPERATIONS

The Oil State Oil Company announces the resumption of operations which were suspended temporarily during the war.

A standard Oklahoma drilling rig has been erected in Section 34-5-7, a few hundred feet north of Well No. 1. The contract has been let and work will begin in the next few days.

This well will be watched by oil men with great interest, being an off-set to a producing well, and will prove the north extension of this field. Fuel for the new well will be furnished by gas from Oil State Oil well No. 1.

**Why Busy People Have Leisure.**  
They say that the busiest people have the most time to give in service to others, can turn clear attention to a new subject at an instant's notice. This is simple because the busiest people, the ones who are accomplishing the most, have learned the art of prompt action, of quick dismissal of what has to be done. They can give you at any moment undivided attention because their minds are clear and ready.

## Teaching Patriotic Sentiment.

Nancy had seen sent to put Baby Betty to sleep. She rolled the carriage into the front room and put "The Star-Spangled Banner" on the phonograph. As the record began, her mother looked in to see Nancy lifting Betty to a sitting position. "Now, Betty," she admonished, "I know you're too small to stand up when they play 'The Star-Spangled Banner,' but at least you can sit up very straight."

## Enough Said.

Brother and sister were parted for the first time, he going on a month's trip with their mother and father and she to spend the month with their grandparents. The leave taking was rather strained, as neither one of them quite knew what to say. Finally little brother walked up and putting his arms around his sister said: "Mardret, I'm your brother and you're my sister."

## Little John's Wish.

John's mother objects to quarrelling and fighting among her children. One day some one described a friend's house as having such heavy partition walls that noise in one room could not be heard in an adjoining room. John said, "I wish our house was like that; then when mamma is in the sitting room and us kids in the dining room get a scrap started, we could fight in peace."

## Familiarity Breeds Contempt.

In offices and shops where men and women work together, it is bad form for workers to address each other by their first names. Men should be careful to address woman workers as Miss —. Women should not fall into the bad habit of calling men by their last names, as Brown, or Jones, without prefixing Mr. It is possible—and wise —to be friendly without being familiar or undignified.—Biddy Bye.

## PHOTOGRAPHS TAKEN OF MOUNTAIN SHEEP.

By the Associated Press  
OURAY, Colo., Jan. 30.—Mountain sheep are getting tame enough this winter so that photographs can be taken of them as they come down the mountain side to a spot near the railroad station where the county has provided hay for them. Coming of the mountain sheep into town always is a sign that there has been a heavy snowfall in the mountains and some winters Ouray hasn't had a single sheep to feed.

GERMANY A RECENT NATION-  
ALITY.

It is necessary preliminary to any  
proper understanding of the problem  
presented to the peace conference  
by the German territory west of  
the Rhine to remember that for cen-  
turies previous to the founding of the  
empire in 1871 Germany was merely a  
geographical expression. The word  
meant Austria quite as much as it  
meant Prussia and much more than it  
meant Bavaria, Wurttemberg, Han-  
over what was once the Palatinate.  
The map of Germany from the  
breakup of the holy Roman empire  
in 1806 to the Franco-Prussian war  
in 1870 was a dissolving picture be-  
wondering to follow, and before that  
time from the wars of Charlemagne  
to the treaty of Ryswick at the end  
of the Seventeenth Century the rapid  
change of boundaries and shifting of  
sovereignties had permitted no such  
thing as the formation of a German  
nation and scarcely of a German peo-  
ple. Legally no citizen of a German  
state was a German, he was a Prus-  
sian, Bavarian, a Saxon. Even under  
the holy Roman empire the inhabi-  
tants of the state included within  
that union was a subject of Austria,  
whose rulers were the emperors.

After the downfall of the empire  
Napoleon formed the Confederation  
of the Rhine, but it was far from his  
purpose that this should become a  
German nation, and even if it had  
contained the seed of nationality  
events did not permit to grow for the  
confederation fell with its creator  
only six years later and the German  
states again became pawns in the  
game of kings at the congress of  
Vienna. The result of the congress,  
although they greatly enlarged the  
territory of Prussia still fell short of  
establishing anything like German  
unity. The revolution of 1848, al-  
though a parliament was set up at  
Frankfort accomplished no more.  
Germany remained what it had been  
for centuries an ethnical identifica-  
tion for certain of the people of Cen-  
tral Europe.

It seems plain, then, that the sanc-  
tion we are accustomed to find for  
the authority of a nation of states  
or provinces within its boundaries is  
of the lightest in the case of Ger-  
many. If the security of France and  
its Allies and the peace of Europe  
should require the detachment from  
Germany of the Rhineland and its  
establishment as an autonomous  
state that province would again  
merely be in a position it has been in  
before. Parts of it have been Prus-  
sian, parts of it have been French,  
German it has been only since 1871,  
and that only in the sense that it is  
Prussian. If it were detached today  
it would be from Prussia, not from  
Germany.

The German empire is largely a  
military alliance of German states,  
much more than a nationality as Am-  
erica, France and England are na-  
tionalities. Saxons and Bavarians did  
not cease to be what they were and  
became Germans by reason of the in-  
corporation of those states in the em-  
pire. They assert themselves to be  
sovereign and exercise the functions  
of sovereignty. They accredit and re-  
ceive ministers and have been very  
haughty with the United States be-

cause we wouldn't send ministers to  
them. The South German states were  
in the act of forming a confederation  
aside from Prussia when the bait of  
French conquest held out by Bis-  
marck brought them into a military  
alliance that ended in the empire.

A foundation such as this does not  
and has not made for German na-  
tionality—of which the separatist  
movement seen since the revolution  
is further evidence—and the mak-  
ing of the Rhine the German western  
boundary would, in no historic sense  
amount to the dismemberment of a  
nationality.—Kansas City Star.

With the conquest of Palestine by  
the British and end of the war, the  
Zionist movement has taken on a  
new interest. For centuries many  
Jews have prayed for the coming of  
the day when they might return to  
their ancient country and restore  
some of the glories of the nation as  
recorded in the Bible. It has been a  
dream of more than 2,000 years and  
now the day has come when those so  
inclined may return and live without  
being in constant danger at the hands  
of the brutal Turks. The country  
has lost its fertility and prosperity  
under Turkish rule, but if the wealthy  
members of the Hebrew race  
back the movement, miracles can be  
wrought in the way of restoration  
and the world may one day witness  
the establishment of a prosperous  
Jewish state. Of course Palestine is  
not capable of supporting the popula-  
tion it once did, and millions of  
Jews will prefer to remain where  
they are now, but many will return  
to the land of their fathers and it may  
yet enjoy prosperity and the descend-  
ants of the scattered tribes live hap-  
pily in the place revered by the relig-  
ious world.

Interest in the Pontotoc county oil  
field has been obscured somewhat by  
the war and later by the strikes in  
Texas, but prospects are that several  
thorough tests will be made dur-  
ing the present year and the big  
pool, which oil men are agreed is lo-  
cated somewhere in the county, dis-  
covered. It is seldom that first ef-  
forts are crowned with complete suc-  
cess. Drilling has been carried on  
around Brownwood, Tex., for more  
than thirty years and oil and gas in  
paying quantities only lately locat-  
ed. Oil men were sure it was there  
but it has been a hard job to find it.

The man who tries to get through  
the world on his pull with others will  
sooner or later find himself clutching  
at the empty air. Merit is the only  
solid foundation for a life worth  
while. Recognition may be slow in  
coming, but sooner or later the  
world will find it out.

The lowering of ocean freight  
rates will mean a boost for the pro-  
ducers of this country. Curtailing of  
export trade has been a serious mat-  
ter, especially for the cotton farmers.

## DAILY HEALTH TALKS

### The Best Way to Treat Constipation

BY S. C. BABCOCK, M. D.

The medical books name many drugs  
that will move the bowels. The drug store  
shelves are loaded down with laxatives,  
purgatives and pills. The trouble with  
most of them is the after-effects. Con-  
stipation for a little while, but they soon lose  
their effect, and a change has to be made  
to something else. The constant taking of  
pills results in a form of bowel inactivity  
that is difficult to cure. The system be-  
comes so accustomed to laxative drugs  
that the organs just won't work without  
them, and so the pill habit becomes as bad  
as constipation itself. Dr. Pierce, of Rus-  
salo, N. Y., seems to me to have the right  
idea. He says the bowels should first be  
gently moved with Pierce's Pleasant Pel-  
lets, and in the meantime laxative foods  
only should be eaten. Figs, prunes, olive  
oil, spinach, bran, vegetables and fruits are  
fine for constipation. Chew every bite  
thoroughly, eat little meat, and be as  
active as possible. Now, doesn't that  
seem sensible? Pleasant Pellets will start  
the bowels working right; then it is up to  
you to keep them right by right eating.  
Try Pleasant Pellets for sick headache,  
coated tongue, biliousness, dizziness, tor-  
pid liver or to break up a cold. They  
are just fine!

Dr. Pierce's Anodyne Pile Ointment  
soothes, cools and heals piles in a most  
gratifying way. Perhaps there is no other  
remedy for this torturing trouble that  
relieves so surely and quickly. Dr. Pierce  
believes Anodyne Pile Ointment will over-  
come any case that can be overcome by  
medical treatment. Try it right now.  
Dr. Pierce's Anuric Tablets are intended  
for people who suffer from kidney dis-  
orders—whose backs ache, and whose  
systems are overrun with uric acid. Nearly  
everybody has too much uric acid.  
Anuric Tablets dissolve uric acid quickly,  
as they are made double strength.

but with the coming of peace the  
rates are falling and insurance rates  
correspondingly low so that trade  
may resume its former channels.

## WHEN KANSANS USED CORN FOR FIRE WOOD

JUNCTION CITY, Kan., Jan. 30.—  
The death of Mrs. A. H. Ryon, 71,  
marked the passing of one of the  
pioneer Kansas school teachers  
whose narrations of her early day ex-  
periences on the Kansas prairies often  
have interested those of the young  
generations. In recent years when  
corn was selling around \$1.40 a  
bushel, Mrs. Ryon would tell how  
back in the early '70s not only did  
the farmers heat their homes with  
huge ears of corn for fuel, but at the  
pioneer school she taught, it was cus-  
tomary to keep a bin of corn for fuel.  
Corn was cheaper as fuel than wood  
or coal on the prairies. Mr. and Mrs.  
Ryon settled on a claim in Dickinson  
county, near the Clay county line in  
1872.

## RESULTS OF LATE ELECTION IN NORWAY

CHRISTIANIA, Dec. 30, via. Lon-  
don, Jan. 3.—(Correspondence of  
The Associated Press)—The party of  
the Lefts, headed by the Premier,  
Gunnar Knudsen, lost 25 seats in  
Parliament in the election recently  
held. Instead of 80 seats which it  
controlled during the last session of  
the Storting, the party now controls  
55 seats. Opposition is divided be-  
tween the Rights which have increas-  
ed their membership from 24 to 53  
and the Socialists who have 18 seats  
instead of 19 as in the previous Par-  
liament. The Knudsen party, or Lefts  
still is the strongest division in the  
Storting but now has considerably  
less than a majority of its 126 mem-  
bers. It expected that this will in-  
volve the reconstruction of the Cab-  
inet.

The most conspicuous event in the  
election was the defeat of the speaker  
of Parliament, J. L. Mowinkel, of  
Bergen, who was regarded as politi-  
cally one of the strongest men in the  
House and one of the most staunch  
supporters of the Cabinet.

The failure of the Socialists to in-  
crease the number of their votes  
throughout the country was a sur-  
prise as this party had profited by  
recent changes in the suffrage law.  
The party gained only 3,000 votes  
while the Rights gained 63,000. This  
is ascribed to the Socialist program  
to exclude the teaching of religion  
from schools, to support prohibition  
and to reform society along the line  
of the Russian Bolsheviks.

Although Norwegian women have  
had the suffrage for more than 10  
years, no woman ever has been elec-  
ted member of Parliament. One wo-  
man was nominated for that office  
in the last election but received only  
172 votes. A small fraction of self-  
supporting women have formed an  
election association with a platform  
asking voters never to vote for men  
but its influence was not perceptible  
at the polls.

Two important issues to come be-  
fore the Parliament at its session be-  
ginning in January are a reform in  
the election system by which the  
thinly settled district now elect the  
majority of members while the cit-  
ies, with a more dense population,  
have less representation in propor-  
tion to their population. Other pro-  
posals are to enact a law of initia-  
tive and referendum and to solve the  
prohibition question.

## WOMAN PRESS AGENT FOR MEXICAN GENERAL

By the Associated Press

JUAREZ, Mex., Jan. 30.—Mexico  
as modern as she is ancient, General  
Jesus Augustin Castro, the new com-  
mander in chief of the northeastern  
military zone, not only has a woman  
press agent but a pretty one to see  
that the General's campaign against  
the Villa forces receives proper at-  
tention, from the Mexican and Amer-  
ican border newspapers.

She is Senorita Teresa Rodriguez,  
daughter of a prominent Mexican  
politician of Mexico City who came  
north soon after General Castro was  
relieved from active duties of sub-  
secretary of war to conduct a cam-  
paign against the bandits in the  
north. Senorita Rodriguez does not  
speak a word of English yet she suc-  
ceeded in having her photograph and  
a sketch of General Castro printed in  
all the American border papers as  
soon as she arrived from Chihuahua  
City to begin her publicity cam-  
paign for the Mexican commander.

Yet Senorita Rodriguez said, in  
her most liquid Spanish, she did not  
wish to exert what the Americans  
called "petticoat influence" to get  
her stories printed.

"Why should not the Mexican ad-  
opt the best the Americans have origi-  
nated," she said at military head-  
quarters to The Associated Press  
correspondent.

"The much abused press agent  
has served a very useful purpose in  
presenting to the public the good  
features of every worthy movement,  
every campaign conducted by mili-  
tary or political leaders and even  
your President Wilson recognized  
this when he appointed a director of  
publicity."

"General Castro does not order me  
to have his deeds and pictures pub-  
lished, although he has done many  
brave deeds and is a striking military  
man. What he instructed me to do, es-  
pecially on the American side of the  
border, was to correct many false im-  
pressions subsidized Mexican papers  
have given the American public about  
Mexican and internal conditions. In  
doing this, I feel I am serving my  
country, and, besides, I enjoy the  
work."

## IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of per-  
sons. A majority of the ill-afflicting  
people today can be traced back to the  
kidney trouble.  
The kidneys are the most important  
organs of the body. They are the fil-  
ters of your blood. If the poisons  
which are swept from the tissues by the  
blood are not eliminated through the  
kidneys, disease of one form or another  
will claim you as a victim.  
Kidney disease is usually indicated by  
weariness, sleeplessness, nervousness,  
depondency, backache, stomach trou-  
ble, pain in loins and lower abdomen,  
gall stones, gravel, rheumatism, sciatica  
and lumbago.

All these derangements are nature's

signals that the kidneys need help.  
You should use GOLD MEDAL Haar-  
lem Oil Capsules immediately. The  
soothing, healing oil stimulates the  
kidneys, relieves inflammation and de-  
stroys the germs which have caused it.  
Go to your drugist today and get a  
box of GOLD MEDAL Haarlem Oil  
Capsules. In twenty-four hours you  
should feel health and vigor returning.  
After you feel somewhat improved  
continue to take one or two capsules

## COLBERT NEWS.

Our school is closed on account of  
our teacher, Mr. Walby, having the  
flu, and one of his little sons has  
the flu, also.

Mr. Burleson's folks have all been  
down with the flu, but are reported  
better.

Mrs. Dodd and Emma were visit-  
ing Mrs. Fulton and Eulah Fulton  
Monday afternoon.

Miss Emma Dodd who was visit-  
ing her sister at Knox returned home  
Monday afternoon and reported a  
nice time while up there.

Mr. Bazemore's folks on their way  
to Ada Monday ran in on a bridge  
and it caved in with them, but  
through luck were not hurt, and the  
car not damaged at all.

Miss Myrtle McCurry and Mrs. Ray  
went to Mr. Felix Harris' burial  
Monday afternoon.

Miss Eula Fulton was on the sick  
list Monday.

Beverly and Miss Ola Sales went  
to their school Monday. We wish  
them good success in their work.

Mr. Dodd was in Ada Tuesday af-  
ternoon.

Miss Grace Hyder was the guest  
of Misses Inez and Susie Alton Sun-  
day afternoon.

Miss Susie Alton was the guest of  
Miss Emma Dodd Thursday night.

went shopping in Ada Monday.

## KNOX.

Every one is farming now.

May Patterson of Stratford, is vis-  
iting Leora Leeright.

Emma Carroll, visited at home  
Saturday night.

Emma Dodd of Colbert, was visit-  
ing relatives, Saturday night and  
Sunday.

Winnie Casady visited parents Sat-  
urday night and Sunday.

Dana Weaver, was visiting par-  
ents Saturday night and Sunday.

Mollie Willhite visited Lillie Clark  
Saturday night.

Lena Jackson and Vinnie Glover  
were visiting friends Sunday.

Leora Leeright visited friends at  
Stratford the latter part of the week.

## STEEDMAN.

Having some fine days but afraid  
they won't last long.

The flu is still raging. Several new  
cases around and in town. Dave  
Reeves was taken down Saturday  
night.

Wm. Pegg was in town Sunday  
looking after some business.

The owls have caught several of  
men around here and carried them  
off to parts unknown.

From all accounts the wedding  
bell is ringing and will peal once  
more soon.

It sure will be a blessing on this  
little town when the U. S. becomes  
bone dry in reality.

John Davis' horses got loose the  
other night while at a sick neigh-  
bor's and lost a \$50 set of leather  
wagon harness on their way home  
through the woods.

Mrs. W. S. Clark who lost her hus-  
band the 18th is much better at this  
writing.

Mrs. Crabtree and children have  
moved out on a farm south of town.

Dr. Standridge has moved back to  
the Cannon house which he bought  
and Oscar Coffman has moved in the  
R. C. Wilson house he rented.

Dr. Standridge is driving day and  
night and is from 6 to 12 hours be-  
hind with his calls.

The northbound passenger was six  
hours late Sunday on account of a  
freight wreck near Lula.

The church going people are try-  
ing to start a Sunday school.

TRUE FISH STORY.

"Splash, splash," said Tommy, the fish.

"Splash, splash," said Johnny, the other fish.

They were both swimming around a beautiful pool of a sunken garden in a part of the country where it was almost always warm.

"You know," said Tommy, and then he paused and waved a fin.

"What do I know?" asked Johnny.

"I'm going to tell you," said Tommy. "But I had to stop to wave a fin to young Sammy Fish, who just swam by. I don't want to be a snob, you know."

"What's a snob?" asked Johnny.

"A snob," said Tommy, "is a creature who thinks himself so fine that he won't speak pleasantly to his neighbors or his acquaintances or his friends. In fact, he doesn't think his friends are quite as good as he is."

"I wouldn't like a snob," said Johnny.

"No, you wouldn't, for you're sensible," said Tommy. "If you want to know the truth I will tell it to you."

"I would love to know the truth," said Johnny.

"The truth is that any creature who is silly enough to be a snob is too foolish to be a fine person," said Tommy, quashing hard.

"I believe you," said Tommy. "I believe you."

"Of course," said Tommy. "I have been here so long in this sunken pool of this garden that I know my mistresses and am not in the least shy."

"Some creatures can't help being shy, but they can help being snobs," he added.

"You started in to tell me that I knew something which you were going to say," said Johnny. "Then you

"My Mistress Always Fed Me."

stepped to wave a fin to Mr. Sammy Fish, and we got talking and splashing about other things."

"That's so," said Tommy, "we did. Well, I was going to tell you that you knew I was very tame."

"I knew that and I know that," said Johnny. "Tray continue."

They both swam slowly about in the lovely sunken pool, which was a beautiful pond, a little below the level of the ground.

"My mistress always fed me choice little bits from her hand, and she always laughed when I splashed hard after each bit of food I was given, for she knew I was saying: 'Thank you for the goodies, mistress dear!'"

"Then I became so tame she could put her hand down in the water and stroke me, and I would wiggle my fins delightedly."

"I thought she had two hands," said Johnny.

"So she has," answered Tommy. "What makes you say that?"

"Because," said Johnny, "you said she put her hand in the water and stroked you."

"To be sure I did," said Tommy, "and that is quite true. She has two hands, but she only strokes me with one at a time. She chooses between her two hands and then decides to put one into the water. At least that is what I suppose she does. Oh, what a very particular fish you are, to make sure that I don't mean the mistress has only one hand!"

"Ah, I thought I would have a little joke," said Johnny.

Tommy grinned, a funny, fishy grin, and his eyes looked very shiny and queer.

"Do you know," he said, "that folks don't believe I am so tame until my mistress shows them! They don't think a fish could be as tame as all that. But more than that, my mistress puts her mouth in the pool just a little way and I put my mouth up a little bit and we have a nice watery kiss, my mistress and I. I am really a very unusually tame fish, but all of this is true, as you know."

"I know that every word of it is true," said Johnny.

And it all was true, for this is a really, really true story!

Music's Proper Sphere.

Music is more than an art; it is an instinct. Beneath the savage's primitive delight in the tom tom and the musician's intellectual enjoyment of a Bach fugue is the same underlying principle—a spontaneous love of rhythm and the desire to express it. To create exquisite harmonies is the heavenly-born gift of genius—the divine heritage of one man in a thousand. To interpret another's work is a talent, developed only by years of hard work and infinite patience. To listen to the perfect interpretation of a great composer is a blessed privilege.

**NAUSEALESS CALOMEL IS BEST FOR FLU**

Doctors and Druggists Claim Calomel, the Nausealess Calomel, is Best Laxative for Colds, Grippe and Influenza.

At the first sign of a cold, is the time to take a Calomel, the perfected nausealess calomel that has all the liver benefits left in and the sting taken out. Doctors say that there is nothing like it to put your liver right and keep your system in condition to resist and avoid colds, influenza and pneumonia.

The best insurance against influenza and pneumonia is a good active liver and your physician or druggist will tell you that Calomel is the most thorough and effective, as well as the safest and most agreeable remedy for this purpose.

One Calomel at bed time with a swallow of water—that's all. No salts no nausea, nor the slightest interference with your eating, pleasure, or work. Next morning you awake feeling fine with a hearty appetite for breakfast. Your cold has vanished and you are ready for work or play. Calomel is sold by druggists everywhere in sealed packages, price thirty-five cents. Your money handed right back if you are not delighted. (adv.)

**BOWMAN TELLS WHY HE ASKS FOR RAISE**

Ada News, Ada, Okla.:

In replying to the communication in yesterday's paper in regard to the proposed change of rates for electricity, we would first call attention to our advertisement in which we state that an estimate of the net income for 1919, based upon 1918 gross revenues, less expenses at PRESENT prices and making no allowance for further advances in labor or other items, would be about \$9,000.00, which would be only 9% on our TAXABLE VALUE, which is \$100,000.00.

The estimated increase to gross revenue to be gained by the proposed increase of rates would be \$3,100.00.

Adding this estimated increase in gross revenue to the estimate of net income will make a total of \$12,100.00 or 12.1% on the TAXABLE VALUE. It is conceded by the Commissioners and by business men that 5% for depreciation is not excessive and there are many who contend that it should be higher. This leaves from the above figures only 7.1% for net return on our taxable value—not on the invested capital. When it is considered that the legal rate of interest in Oklahoma is 10%, which is usually to be had on gilt-edged investment and where there is no element of uncertainty or hazard as in the electric business this rate of return certainly cannot be considered excessive or even sufficient.

The old "step rate" is obsolete and has been relegated to the scrap heap by the commissions of all the other states as well as by the Corporation Commission of Oklahoma, and this has been brought about by the manifest unfairness of this "method of charge" as compared to the newer method as provided for in the "block rate."

In the "step rate" method there is a "zone" or place in the curve of consumption just ahead of each step or reduction in rate where it is to the consumer's advantage to deliberately use or waste more current in order to get the benefit of a lower rate on ALL the current he has used.

Under the "block rate" all of the consumers pay exactly the same rate for the same quantity of current used—from the smallest to the largest. This method of charge has been approved by all state regulatory bodies and has been instantly recognized by the consumers wherever used as fair to all classes or users of electricity.

We are again inserting our ad, showing rates charged in other places which rates have been approved by the Corporation Commission. It will be noted that we are not asking as high a rate as those in many places and what we ask is low as compared with larger cities.

**FOURTEEN BILLIONS OF FARM PRODUCTS**

By the Associated Press

WASHINGTON, Jan. 30.—High prices and increased production swelled the total value of the farm crops of the country in 1918 half a billion dollars more than the total of any previous year. The aggregate value of farm crops for the year has been placed at \$14,090,769,000 by the bureau of crop estimates of the Department of Agriculture. The previous record value year was 1917. The value of last year's crop was double the average value for the five years, 1912 to 1916.

Illinois ranked first in the value of all crops as did that state in 1917. Iowa, Texas and Georgia were second third and fourth, holding the same rank they did in 1917. Minnesota took fifth rank, jumping from ninth place which she held in 1917. Ohio dropped back into sixth place from the fifth rank. North Carolina moved up into seventh rank from the eleventh place. Indiana retained her eighth place. Missouri dropped into ninth rank from the sixth place she held the previous year. Pennsylvania moved into tenth place from the fourteenth position. Nebraska, which held seventh place in 1917, dropped back to the seventeenth rank. California dropped from tenth rank to twenty-second to twenty-seventh due to the prolonged drought.

The thirteen principal farm crops—corn, wheat, oats, barley, rye, buckwheat, flaxseed, rice, potatoes, sweet potatoes, tame hay, tobacco and lint cotton in 1919 as reported by the Census Bureau, were valued in 1918 at \$11,125,996,000.

**Contradictory Camel.**

As far back as history records, camels have been domestic animals, but no one familiar with camels ever entertains the least affection for them. The poison of all other beasts is the camel's food. It pinches and wastes in fat meadows, but grows fat, powerful and savagely independent among alkali-crusted sands.

Avoid irregularity in the bowel movements, it leads to chronic constipation; a condition that poisons the blood and breeds disease. Prickly Ash Bitters restores regularly and puts the system in order. Price \$1.25 per bottle.—Gwin & Mays Drug Co., Special Agents.

**Mean Meaning of Expression.**

"Don't care a fig" is one of the commonest of expressions, but it isn't correct and means little, whereas the original has some real meaning: "Don't care a fig." The word fig is used by Shakespeare and is a Roman word meaning a contemptuous snapping of the fingers.

Preparedness applies to the human body as well as to nations. A bottle of Prickly Ash Bitters on the shelf at home is the best and cheapest form of preparedness for indigestion, constipation and kidney troubles. It is the dose taken in time that wards off sickness and saves money. Price \$1.25 per bottle.—Gwin & Mays Drug Co., Special Agents.

meeting of the Methodist church.

Mrs. Mettie Harrell of Checotah, is  
the guest of Mr. and Mrs. W. L. Whit-  
aker. Mrs. Harrell has been doing  
government work for quite awhile.

Mayor Kitchens and City Attorney  
Dean left today for Oklahoma City to  
attend the hearing of the Electric  
Light Company before the Corpora-  
tion Commission, for the proposed  
higher rates. They are going in be-  
half of the city.

Mrs. E. T. Smith, who has been  
the guest of Mr. and Mrs. C. R.  
Drummond, returned to her home in  
Paris, Texas, today.

Beecher Townsend has received  
his discharge from the aviation  
branch of the army. He has been  
stationed at Call Field at Wichita  
Falls, Texas.

The preliminary trial of K. R.  
Parks, who is charged with the kill-  
ing of Oscar Williamson and Jeff  
Anglin, is set for tomorrow. Parks  
is absolutely silent as to the cause  
and how the killing occurred. It is  
thought that several very interest-  
ing facts of the case will be brought  
out in this trial.

The citizens of Ada are promised a  
rare treat this evening at the First  
Methodist church when Miss Bess  
Barrow will give her introductory re-  
cital. Every one is invited to attend,  
no charge being made for admission.

Marlin Hager was in the city to-  
day, having been called here on ac-  
count of the illness of his mother.  
Marlin has been in the navy for  
about two years. He is in the hospi-  
tal corps and is now stationed at  
Washington, D. C.

A reading of musical recital will  
be given at the Methodist church.  
Miss Bess Barrow, graduate of the  
Morse School of Expression, will  
make her first public appearance in  
Ada. She will be assisted by well  
known musical artists of the city.

### Inch of Rain.

"An inch of rain" refers to the  
marks on a standard rain gauge as  
used for record purposes by the  
United States weather bureau. An  
inch of rain means 101 tons of water  
distributed over one acre of land.

### Bad Boy!

Jessie came into the house carry-  
ing a dead bird in her hand. With tears  
in her eyes she said: "Oh, mother,  
see the poor bird! there was a bad  
boy outside and he gunned it."

## BOYS' BASKET BALL REVIVED

FIRST GAME OF SEASON FRIDAY  
NIGHT AGAINST FRANCIS  
HIGH.

After being without a team for sev-  
eral years, East Central is again en-  
tering the competition in boys' bas-  
ketball. In recent years, interest has  
centered in football and baseball, the  
winter term being without any inter-  
collegiate schedules. Several season  
strong class teams were developed  
but last year nothing was done in the  
way of basketball.

Practice this season started about  
six weeks late on account of the fact  
that the gymnasium was occupied by  
the members of the S. A. T. C. as a  
barracks up to the holidays and it  
took some days after to remodel and  
place it in condition for basketball.  
The remodeling has been done, how-  
ever and a better place to play bas-  
ketball is not found in the state. Two  
balconies seating at least 250 people  
have been completed, making it pos-  
sible to seat 500 spectators without  
interfering in any way with the court.  
The playing field has been length-  
ened to 80 feet and has a width of  
40 feet.

In the short space of time that it  
has been at work the team is doing  
well. Very few of the candidates for  
the team have had any extensive ex-  
perience in intercollegiate basket-  
ball but practically all have played  
on class or high school teams. Guy  
Young, well known in normal athlet-  
ic circles as a football end and  
baseball pitcher is doing well at for-  
ward. Dewey Gilmore and Robert  
Wimbish are also making a strong  
effort for this position. Hall Infram,  
Clifford Dorsey, Oliver Vernon and  
Lester King are doing best at guard  
with Vernon also fighting Baker for  
the place at center.

The first game of the season will be  
Friday evening and Francis high  
school will be the opposing team.  
This team has made an excellent re-  
cord, having defeated practically all  
of the teams of the vicinity, including  
the Shawnee high school.

## PROCEEDINGS OF OKLA. LEGISLATURE

OKLAHOMA CITY, Jan. 30.—On  
a motion to indefinitely postpone, by  
Senator Board, which carried the  
Senate this evening, after debating  
for a considerable time the bill by  
Mr. Watrous proposing to allow  
county attorneys to engage in pri-  
vate practice, where such did not  
interfere with official duties, disposed  
of the measure.

The Senate acted favorably on a  
House resolution that will permit  
loaning money from the home owner-  
ship fund as other school money is  
loaned by the School Land Commis-  
sion. Funds accumulated in the  
home ownership fund under the  
present law and are not applied for  
under that law because of the long  
time required in making payments.  
The House had already passed the  
resolution and this will give the  
School Land Commission almost im-  
mediate action.

Senate Committee on Public  
Health made favorable reports on the  
series of bills by Senator Hill and  
others that are fashioned after Fed-  
eral legislation having to do with  
social diseases and immoral women.  
Favorable report was made on the  
bill by Mr. Wallace for terms of all  
county officers to be four years. Sim-  
ilar reports were made on bills by  
Messrs. Davidson and Snyder fixing  
compensation of county engineers in  
counties of 34,000 or over, and by  
Mr. Woods requiring county clerks  
to certify copies of chattel mortga-  
ges.

The House held a brief session  
this morning to clear the work for a  
junketing trip. Members went to  
Norman this afternoon to visit the  
State institutions there, and will go  
to Stillwater tomorrow. Mr. Harris-  
on brought up Senate Bill No. 59,  
which would give the State Auditor  
a deficiency appropriation of \$2,000  
for collection of income taxes. This  
was passed. Mr. Romine's resolu-  
tion, introduced today and adopted,  
would memorialize Congress to make  
it so returning soldiers could get  
\$30 a month pay for six months.

Favorable committee report was  
made in the House on the bill by Mr.  
Neff which makes referees of District  
Judges in addition to their present  
duties.

Committees of the House, two of  
three each and two of five each, for  
visiting different state institutions,  
will be announced by Speaker Tom  
Waldrep on Friday, it was stated to-  
day. These committees will make  
brief investigation of conditions at  
the institutions and report to the  
House.

Representative Dabney, chairman  
of the House Committee on Im-  
peachment and Removal from Office,  
today called for a meeting of his  
committee at 7:30 o'clock Friday  
evening. This is the committee to  
which on yesterday was referred the  
report of the Commissioner of Char-  
ities and Corrections, embracing the  
Home for Incurable Girls, located  
near this city.

Practically all members of the  
House, with Governor Robertson,  
this afternoon visited the State Uni-  
versity and Hospital for Insane at  
Norman, the first of two days to be  
spent by the House in visiting State  
institutions. The body will go to  
Stillwater tomorrow, where the mem-  
bers will look over the A. & M. Col-  
lege.

## THOSE SHOE BILLS! —KEEP THEM DOWN

Mr. John Held, merchant, of Salt  
Lake City, keeps an exact record of the  
shoes he wears. He writes, "Two  
pairs of Neolin Soles have worn for  
me 19 months and I am on my feet  
ninety per cent of the time."

This is not an extraordinary exam-  
ple of the money-saving service that  
people get from Neolin Soles. It is  
typical of the experience millions are  
having. These soles do wear a very  
long time and so help you keep shoe  
bills down. They are scientifically  
made so they must wear.

Get Neolin-soled shoes at almost  
any good shoe store. Get them for  
your whole family in the styles you  
prefer. And have these cost-saving  
soles put on your worn shoes. They  
are very comfortable and waterproof  
as well as durable. They are made by  
The Goodyear Tire & Rubber Com-  
pany, Akron, Ohio, who also make  
Wingfoot Heels, guaranteed to out-  
wear any other heels.

## TO BETTER CONDITION OF WOMEN OF INDIA

LONDON, Jan. 30.—(Correspon-  
dence of The Associated Press)—  
Deep sympathy for the women of In-  
dia and interest in steps taken for  
their advancement are voiced by  
Queen Mary in a message she has  
sent to all women of the Indian Em-  
pire. The Queen also paid tribute to  
the Indian women for the part they  
played in urging their husbands, sons  
and brothers to render faithful ser-  
vice in the war. Queen Mary wrote:  
"A short time ago I sent a mes-  
sage of thankfulness and hope to  
the women of the Empire. I wish  
now to add to it a special message to  
the women of India. If my words are  
brief and simple, they are from the  
heart."

"I know that by the custom of  
their country and the time-honored

## MOSER'S DEPARTMENT STORE

traditions by which they are rever-  
ently bound, the women of India are for  
the most part prevented from under-  
taking those public and industrial  
tasks which their sisters in other  
parts of the empire, when the man-  
power of the country went forth in  
its defense, were able to discharge.

In the seclusion and solitude of their  
homes the women of India have had  
to bear the bitterness of partings, to  
suffer bereavement and privation, to  
live through days and months of  
doubt and anxiety, in ignorance of  
the fortunes of the war, and without  
tidings of their absent ones.

Reports have reached me from  
many sources of their fortitude and  
endurance during the strain of the  
war which have filled me with ad-  
miration and gratitude. Many have  
done more than this. I have heard  
of letters from Indian women to hus-  
bands, sons, and brothers with the  
forces, abroad, exhorting them to be  
brave in battle, stout-hearted in ad-  
versity, faithful to their country and  
the throne to the point of death. The  
history of India is full of the heroism  
and courage of its women in the past.

The war has shown that their spirit  
is unabated.

"The women of India are equally  
noted for their charity and compas-  
sion. I know how deeply they have  
been moved by the desolation which  
the war has brought into many  
households, and how ready they have  
been to provide relief for the sick  
and wounded, and to lighten the pri-  
vations of their poor neighbors.

"I rejoice to think that many in-  
fluences are at work which make for  
the greater well-being and advance-  
ment of the women of India. I watch  
with the deepest interest and sym-  
pathy every step that is taken to  
bring the means of education and  
knowledge more with in their reach,  
to provide greater facilities for their  
obtaining proper medical relief  
through the agency of their own sex  
in women's hospitals or in the pri-  
vacy of their own homes, to widen  
their interests and activities, and to  
secure to them the adequate protec-  
tion of the law.

"I wish, with all my heart, that  
every success may crown these ef-  
forts."

## Higher Electric Rates— WHY?

We are asking for an increase in rates and have set forth in preceding ads  
some of the reasons for doing so. The question is sometimes asked: "How does  
the proposed rate compare with the rate in other towns?" Comparisons of rates are  
not fair unless the size and location of each town and many local conditions are  
taken into consideration. The following are a number of rates that have been made  
within the past year:

COALGATE-LEHIGH-PHILLIPS	1 to 9 KW	18c Gross or 17c Net
	9 to 20 KW	17c Gross or 16c Net
	20 to 40 KW	16c Gross or 15c Net
	40 to 60 KW	15c Gross or 14c Net
DURANT—Residence	First 20 KW	15c Gross or 12.5c Net
	All over 20 KW	13 1-3c Gross or 12.15c Net
DURANT—Commercial	First 50 KW	12c Gross or 10.8c Net
	Next 50 KW	10c Gross or 9c Net
	All over 100 KW	9c Gross or 8.1c Net
VINITA	First 30 KW	17c Gross or 15.3c Net
	Next 30 KW	16c Gross or 14.4c Net
TAHLEQUAH—Residence	First 20 KW	17c Gross, Net not stated
	All over 20 KW	12c Gross, Net not stated
TAHLEQUAH—Business	First 50 KW	17c Gross, Net not stated
	Next 50 KW	12c Gross, Net not stated
	All over 100 KW	6c Gross, Net not stated
CUSHING	1 to 30 KW	14c Gross or 13.3c Net
	31 to 61 KW	12c Gross or 11.4c Net
EL RENO	First 50 KW	14c Gross or 12.6c Net
OKLAHOMA CITY	First 50 KW	13c Gross or 11.7c Net
ADA (PROPOSED RATE)	First 50 KW	14c Gross or 12.6c Net

The above net rates apply on bills paid on or before the 10th of the following  
month.

In most of the above cases we have given the rates on the first 50 KW only,  
as the larger quantities would be in proportion and would apply to fewer bills. Over  
85 per cent of the electric light bills in Ada are for less than 50 KW. The old rate  
on these is 12c. The proposed net rate would be 12.6c; an advance of only 6 mills  
or 5 per cent.

The Corporation Commission will hear this case next Friday, January 31st,  
at Oklahoma City.
